

DIVERGENT

MANNINGTON
COMMERCIAL

**SLOW DOWN. GET CLOSE.
FIND BEAUTY.**

We started with a simple premise: inspiration can be found in your own backyard. Outside our manufacturing facility in the meadows of Salem, New Jersey, is a field of tall-stalk wetland vegetation.

**DIVERGENT:
A COLLECTION DRAWN
FROM STANDING STILL**

**ROOT LEVEL
OBSERVATION
OF THE WORLD
AROUND US**

Our Design Director, Roby Isaac, spent an afternoon walking that field, quietly observing. That day led to a partnership with a leading material sciences lab, and a close look at microscopic cross-sections of Phragmite, a common plant with beautiful patterning at the molecular level.

This became Divergent— a collection drawn from standing still. From appreciating the beauty of our environment in an up close and personal way. Divergent brings together root level observations of the world with soft linear patterns to create subtle gradations, abstract graphics, and a timely, relevant color story.

PERFORMANCE AND FEATURES

	<p>AVAILABLE SIZES</p>	<p>18" x 18" (457 x 457 mm); 18" x 36" (457 x 915 mm) Estuary only. All with micro-beveled edges.</p>
	<p>QUANTUM GUARD® HP</p>	<p>The highest performance commercial urethane finish in the industry. The patented aluminum oxide proprietary wear layer eliminates the need for polish, while enhancing durability, cleanability, appearance retention and slip resistance when compared to standard LVT floors - resulting in 70% annual savings in maintenance costs.</p>
	<p>RAPIDLY RENEWABLE CONTENT</p>	<p>Contains 3% rapidly renewable resource content.</p>
	<p>WARRANTY</p>	<p>This product is backed by our Limited 15 Year Commercial Warranty and Limited 15 Year Quantum Guard® HP Warranty</p>

SUSTAINABILITY

	<p>ENERGY LEADERSHIP</p>	<p>With one of the largest solar arrays in the flooring industry (3.3 acres in Salem NJ) and ambitious goals to improve energy efficiency by 25% over ten years, we have an ongoing partnership with the Department of Energy to lead manufacturing into smarter energy use, as well as to reduce related carbon emissions.</p>
	<p>WATER REDUCTION</p>	<p>Water is a precious natural resource and a key component in manufacturing. By investing in technology and a continual emphasis on efficiency and lean manufacturing, we have reduced our water use by more than 35% since 2007. We also actively help protect wetlands in the communities where we make flooring.</p>
	<p>SOLAR ARRAY</p>	<p>At 3.3 acres, we have one of the largest solar arrays in the flooring industry, generating 1,000,000 kilowatt hours annually.</p>
	<p>US MANUFACTURING</p>	<p>Mannington is a fourth generation, family-owned company deeply committed to U.S. manufacturing. We make flooring in seven communities across the U.S., allowing us to provide the highest levels of service and quality in the industry, while supporting local economies and crafting quality, American-made products.</p>
	<p>ISO 14001</p>	<p>ISO 14001 is a global environmental standard that provides a system for continual improvement in environmental performance.</p>

SUSTAINABILITY

	<p>3RD PARTY CERTIFICATIONS</p>	<p>Certifications help navigate the world of green marketing claims. So we invest in ISO-14001 and environmentally preferable product certifications including NSF/ANSI-140, NSF/ANSI-332, FloorScore, and Green Label Plus. All of our products may contribute to multiple LEED and Green Globe credits.</p>
	<p>ENVIRONMENTAL PRODUCT DECLARATION</p>	<p>EPDs communicate the comprehensive life cycle assessment of a product's environmental impact and facilitate transparency. Our EPDs conform to international standards and are 3rd party verified by ThinkStep and Underwriters Laboratory.</p>
	<p>PURPLE MARTINS</p>	<p>In the mid-1980s, we began attracting migrating birds called Purple Martins to our New Jersey manufacturing campus as a more natural alternative to the use of pesticides. This "Purple Martin Project" has proven to be an incredibly environmentally friendly and cost effective way to control insects. Our employees are engaged in the banding and tracking of the birds.</p>
	<p>HONEYBEES</p>	<p>In 2009, as part of an effort to show how an industrial enterprise can co-exist with the agricultural & farming community and positively contribute to both, Mannington's New Jersey corporate site began to house honeybees, and now have 5 hives in Salem, NJ and 4 in Eustis, FL. The honeybees are thriving and each year we are able to enjoy and share the honey we produce.</p>
	<p>CE MARK</p>	<p>Certifies that a product has met EU health, safety, and environmental requirements, which ensure consumer safety. Manufacturers in the European Union (EU) and abroad must meet CE marking requirements where applicable in order to market their products in Europe.</p>
	<p>CLIMATE REGISTRY</p>	<p>Mannington is dedicated to reducing our greenhouse gas emissions by 25% over 10 years. Since 2007, a 10% reduction can be attributed to energy efficiencies, process efficiencies, and use of renewable energy. Additional information can be found on theclimateregistry.org.</p>
	<p>LOOP®</p>	<p>Mannington's next closed-loop recycling program, we are reclaiming and recycling end-of-life LVT into new LVT. This further extends our ability to keep post-consumer LVT out of landfills and reducing the environmental impact of our products. Contact your local Mannington representative, or call 800.241.2262 ext. 6211.</p>

SPECIFICATIONS | DIVERGENT

	CONSTRUCTION	LVT with micro-beveled edges
	AVAILABLE SIZES	18" x 18" (457 x 457 mm); 18" x 36" (457 x 915 mm) Estuary only.
	WEAR LAYER THICKNESS	30 mil (0.76 mm)
	OVERALL THICKNESS	0.098" (2.5 mm)
	PIECES PER CARTON	18 pcs - 18" x 18"; 9 pcs - 18" x 36"
	COVERAGE PER CARTON	40.5 sq. ft. (3.76m ²) of 18" x 18" and 18" x 36"
	3RD PARTY CERTIFICATION	FloorScore, Industry wide 3rd party Type III EPD (Environmental Product Declaration)
	LEED	Mannington Commercial products may contribute to multiple LEED credits.
	QUANTUM GUARD® HP	The highest performance commercial urethane finish in the industry. The patented aluminum oxide proprietary wear layer eliminates the need for polish, while enhancing durability, cleanability, appearance retention and slip retardance when compared to standard LVT floors - resulting in 70% annual savings in maintenance costs.
	RAPIDLY RENEWABLE CONTENT	Contains 3% rapidly renewable resource content.
	LOOP®	Mannington's next closed-loop recycling program, we are reclaiming and recycling end-of-life LVT into new LVT. This further extends our ability to keep post-consumer LVT out of landfills and reducing the environmental impact of our products. Contact your local Mannington representative, or call 800.241.2262
	US MANUFACTURING	Mannington is a fourth generation, family-owned company deeply committed to U.S. manufacturing. We make flooring in seven communities across the U.S., allowing us to provide the highest levels of service and quality in the industry, while supporting local economies and crafting quality, American-made products.
	WARRANTY	This product is backed by our Limited 15 Year Commercial Warranty and Limited 15 Year Quantum Guard® HP Wear Warranty.
	STATIC LOAD LIMIT	750 PSI
	SPECIFICATIONS (ASTM F1700)	Class III, Type B
	HEAT STABILITY (ASTM F1514)	Passes
	STAIN & CHEMICAL RESISTANCE (ASTM F925)	Passes
	COEFFICIENT OF FRICTION (COF)	≥ 0.5 Leather; 0.6 Rubber
	FLOORING RADIANT PANEL (ASTM E648)	≥ 0.45 watts/cm ² , Passes (Class 1)
	N.B.S. SMOKE CHAMBER (ASTM E662)	<450-Passes
	IMPACT SOUND TRANSMISSION (I1C) (ASTM E492)	N/A
	INSTALLATION ADHESIVE	<p>Porous Substrate: V-82 Full Spread Non-Porous Substrate: V-95 Full Spread, 2 Part Epoxy Porous & Non-Porous Substrate: M-Guard V-88 Full Spread, Transitional Pressure Sensitive, High Moisture or XpressStep for LVT Spray Adhesive / RH 90%, MVER 8, pH11, XpressStep Premium Spray Adhesive / RH 93%, MVER 10, pH12</p> <p><i>Note: Must use V-95 or XpressStep for LVT or Premium Spray adhesive under hospital beds and heavy rolling loads or where high performance is needed.</i></p>
